Note: All categories may not be utilized. It is left to the Offeror whether to include rates for all categories.

*** Burdened rate is the final chargeable rate to NREL. No additional markups or labor charges will be allowed. Offeror's proposal costs are not allowed as direct charges.**

**** This markup applies only to those trades, which are lower tier subcontractors to you, not part of your staff. Offeror must indicate in the Technical Proposal, which trades they subcontract with.**
